DAP Progress Note

CLINICAL DOCUMENTATION

TherapyStack

Clinician	Client Name & DOB	Date of Session

Data

What happened in session — client presentation and mood, reported symptoms, interventions used, and the client's response.

Assessment

Your clinical interpretation — impression, progress toward treatment-plan goals, and risk indicators.

Plan

Next steps before the next session — homework, treatment-plan adjustments, referrals, and date of next session.

CLINICIAN SIGNATURE & CREDENTIALS
